

Wellaway

60' Wide Beam

£165,000

'Wellaway' is a beautifully appointed home built to the owner's specification by Viking Canal Boats in 2019. The owners oversaw the building of 'Wellaway' at the factory in Poland and they have been meticulous in its care since delivery in December 2019. Incorporating extra height inside, it has been finished to a very high standard with no detail overlooked. The vessel is now only offered for sale due to a change in personal circumstances. We welcome enquiries from all interested parties, and as this vessel is lying away, all viewings are by prior appointment please.
