27' Narrow Beam Steel Cruiser

£24,950

Built by the reputable David Piper around 1986 as a private commission, this beautifully presented steel cruiser has been carefully restored over the past 18 months by the current owner. A recent 2024 survey describes the boat to be in 'near new' and 'well above average condition' for a vessel of this vintage. It's narrow beam makes it a great boat for travelling the inland waterways. Viewings are available 7 days a week by appointment please.
