

Jolie

£45,000

50' Trad Stern Narrowboat

'Jolie' has received an internal update from its current owners over the course of their 8 years of ownership, who are regrettably selling due to the lack of time to use her. At 50' it is a convenient size for cruising or liveaboard. A blacking slot has been arranged for this boat in April 2025 which can be transferred to a new owner. Viewings can be arranged 7 days a week by prior appointment please.
